# Health & Safety Policy

Onyx Projects' management is committed to providing safe and healthy working conditions for the prevention of work-related injury and ill health for all workers, contractors, visitors and members of the public.

Onyx Projects will strive to continually improve our systems and processes. This will be done by providing guidance, resources, monitoring business activities and implementing changes and control measures to meet our goal of zero incidents and injuries.

Onyx Projects' management are committed to ensuring our systems and processes comply with relevant legislation, application Codes of Practice and Standards as far as practicable.

Ian Beaumont
Director

Onyx Projects management accepts its responsibility for the prevention of incidents through identification, assessment and elimination of workplace hazards where practicable and the promotion of safety and health awareness.

Rob McGregor
Director

Onyx Projects workers will be consulted and encouraged to participate in matters which affect their health and safety and in observing and recommending changes in the workplace to reduce exposure to any hazards and risks.

Robert Loiacono
Director

This policy applies to all business operations and functions, including those situations where workers are required to work off-site.

Chris Grierson
Director

This policy will be reviewed on a regular basis and when legislative change occurs.

Policy effective from July 2021 to June 2024
